Ideas for adaptations for books

- Books that have stiffer pages are easier to turn.
- Page spacers can help make pages easier to turn. Small Velcro dots with adhesive backs can also be used.
- Books that are big. Big books are easy to see.
- Books that are multi-sensory. Many books offer scratch and sniff, touch and feel or sound features. Other books have fabric pages, books with raised topography, or pop-up books.
- Books on tape.
